ABOUT BAK: At BAK Industries, we believe that just because a truck is used for work, doesn’t mean it needs to look like a work truck. It is possible to elegantly craft strong, rugged products while maintaining a clean look of sophistication and style. We have developed a line of tonneau cover products that help maintain the functionality and appearance of your truck, and take pride in the ability to exceed expectations through their performance.

BAK’s newest product, the Vortrak retractable truck bed cover, is constructed of 1/2” thick aluminum slats that easily glide along heavy-duty aluminum rails that mount flush with the truck bed caps, providing a sleek, low-profile look. In addition to its fully opened and closed positions, the Vortrak can be locked into place in two additional locations of the driver’s choice. The Vortrak can be installed easily without the use of special tools, is made in the USA, and comes backed by 2-year warranty.

We are confident that within our line of products there is a cover for everyone. Lifestyles vary, and we’ve worked diligently to develop truck accessories that cater to all of them. Enhance your truck’s capabilities and extend its performance with a tonneau cover by BAK Industries.

The BAK Revolver X2, featuring exclusive automatic rotational locking rails that secure the entire length of the bed on each side. This hard aluminum roll-up cover easily rolls up with one-handed operation and allows use of every inch of the truck bed without blocking your rear window. This cover does it all with unrivaled strength, security and style.

- Patented locking rails secure the full length of the bed
- Easy to use automatic slam latch operates from either side
- Full access to stake pocket holes for other accessories
- No lifting with easy one-handed rolling design
- Easy clamp-on installation
- No Velcro® or stitching
- 100% bed access
- Tough security
- 3-year warranty

UNRIVALED SECURITY!

Both Revolvers come equipped with 3/4" Patented Rotational Locking Rails that lock the cover securely the entire length of the truck bed when latched. The 3/4" locking rail or "tooth" rotates into composite locking blocks inserted into each aluminum slat. The cover secures automatically when the spring loaded locking levers are engaged as the roll top is closed. Now the locking rail and blocks are 2X larger, providing extreme security, easier installation and superior off-highway performance. Heavy-duty locking levers are now 3X thicker with reinforced gussets for added strength and are engineered to lock with no adjustment necessary.
Introducing the BAK Revolver X4. This premium hard rolling cover includes all the same great features of the Revolver X2, now with a stylish matte black finish. When closed, heavy-duty aluminum slats secure the cover the full length of the bed on both sides, providing unrivaled strength and security. When opened, the cover rolls up tight providing full bed access without blocking rear view mirror and third brake light visibility.

- Premium matte finish hard rolling cover
- Patented rotational locking rails lock 100% of the cover for unrivaled security
- Automatic latching system
- Extended 3-year warranty

WHY UPGRADE? The RX4 is constructed of heavy-duty aluminum panels. When latched, the ¾” Patented Rotational Locking Rails secure the cover the entire length of the truck bed. Heavy-duty locking levers are now 3X thicker with reinforced gussets for added strength and are engineered to lock with no adjustment necessary.

Our best selling cover, the BAKFlip G2, is the smartest investment when your job calls for a cover that offers full bed access when you need it, and maximum theft protection when you don’t. The all-new integrated buckle system allows you to drive with your cover folded, flipped up or closed. Our patented latch system is concealed under the tonneau cover – simply lock your tailgate to secure the contents of your truck bed. The G2 is a perfect cargo management solution and compatible with almost any truck bed accessory.
The BAKFlip MX4 features heavy-duty aluminum matte finish panels that offer superior UV and scratch resistance, and an enhanced premium density foam core. The MX4 is the upgrade to the G2 aluminum series, equipped with upgraded latch housing components, and an all-new integrated tailgate seal that allows the tailgate to close with the cover up or down.

BAKFlip MX4 has all the features of the G2 PLUS:
- Upgraded tailgate operation with premium dual action seal
- Durable aluminum matte finish panels
- Injection molded latch housing for long-term durability
- Premium density foam core
- Advanced scratch and scuff resistance
- Rated up to 400 lbs. of evenly distributed weight
- Extended 3-year warranty

WHY UPGRADE? This heavy-duty, all-season truck bed cover is designed to perform in the most extreme conditions. The MX4’s resilient infrastructure is designed for everyday use, with upgraded components that provide enhanced resistance to the elements without compromising its sleek, low-profile look and feel. The MX4’s solid and robust design is flush mount, and backed by an extended 3-year warranty.
The BAKFlip FiberMax includes all of the features of a standard aluminum BAKFlip, now with an FRP (Fiberglass Reinforced Polymer) surface, making the cover dent, scuff and ding resistant, as well as cooler to the touch.
