**ABOUT BAK:** At BAK Industries, we believe that just because a truck is used for work, doesn’t mean it needs to look like a work truck. It is possible to elegantly craft strong, rugged products while maintaining a clean look of sophistication and style. We developed a line of tonneau cover products that help maintain the functionality and appearance of your truck, and take pride in the ability to exceed expectations through their performance.

We are confident that within our product line-up there is a cover for everyone. Lifestyles vary, and we’ve worked diligently to develop truck accessories that cater to all of them. Enhance your truck’s capabilities and extend its performance with a tonneau cover by BAK Industries.

(◊) = All 5' to 6' 9" Bed Sizes
P = 500 lbs. Rack Capacity
The BAK Revolver X2, featuring exclusive automatic rotational locking rails that secure the cover the entire length of the bed on each side. This hard rolling aluminum cover easily rolls up with one-handed operation and allows use of every inch of the truck bed without blocking your rear window. This cover does it all with unrivaled strength, security and style.

- Patented locking rails
- Easy to use automatic latching system
- No lifting with easy one-handed rolling design
- Easy clamp-on installation
- No hook and loop closure
- 100% bed access
- Tough security
- Full access to stake pocket holes for accessories
- BAKBox2 compatible
- NEW 3-year warranty

UNRIVALED SECURITY!

Both Revolvers come equipped with 3/4" Patented Rotational Locking Rails that lock the cover securely the entire length of the truck bed when latched. The 3/4" locking rail or “tooth” rotates into composite locking blocks inserted into each aluminum slat. The cover secures automatically when the spring loaded locking levers are engaged as the roll top is closed. Now the locking rail and blocks are 2X larger, providing extreme security, easier installation and superior off-highway performance. Heavy-duty locking levers are now 3X thicker with reinforced gussets for added strength and are engineered to lock with no adjustment necessary.
The BAK Revolver X4 features the same great features of the Revolver X2, but with a stylish, matte black finish. It’s heavy-duty aluminum panels are topped with an industrial-grade, matte finished vinyl, accompanied by new matte finish rails and seals that match the factory bed rail caps of your truck.

When closed, the patented rotational locking system secures the cover the full length of the bed on both sides, providing unrivaled strength and security. When opened, the cover rolls up tight providing full bed access without blocking the rear view mirror or interfering with third brake light visibility.

- Matte finish, industrial-grade vinyl
- Matte finish seals & side rail extrusions
- Easy, no-drill clamp-on installation
- BAKBox2 compatible
- NEW premium 5-year warranty

WHY UPGRADE? The RX4 is constructed of heavy-duty aluminum panels. When latched, the ¾” patented rotational locking rails secure the cover the entire length of the truck bed. Heavy-duty locking levers are now 3X thicker than the RX2 with reinforced gussets for added strength that lock with no adjustment necessary.
